## THANK YOU

Kaitlynd Hartwick- Co-Op Student

If you have kids I am sure you've heard this a million times already "It's the last day of school!!!" And if you have kids graduating high school this year like I am they're probably saying "it's my last day of high school... ever!"

But along with that last day of high school, and (almost too long) graduation ceremony comes the end of the things we have known for so long. For me the thing I will miss the most is the amazing people I have met in my co-op placement here at the Chamber.

I couldn't have asked for a better way to spend my very last semester at St. Joseph's.

Thank-You all for making this the most amazing semester of my high school career. The kindness and support I have received from everyone is unforgettable.

Best of luck in the future,

*Kaitlynd Hartwick*
